Projects

CareerBot App:

September 2025 - November 2025

- Developed an AI-powered Android app offering personalized career guidance, learning resources, and skill-building quizzes
- Built a secure backend using Node.js, Express.js, and MongoDB with Gemini API integration for intelligent chatbot responses
- Designed a clean Material Design-based UI with Kotlin, Jetpack components, and seamless frontend-backend communication

Tech: Kotlin, Retrofit, Node.js, Express.js, MongoDB, Gemini API

TaskTopia:

June 2025 - July 2025

- Built a modern task management web app with an animated and responsive UI using React
- Designed dynamic task forms supporting title, description, priority, status, and due date inputs
- Integrated backend using Node.js and MongoDB to securely manage user authentication and task data

Tech: React.js, Node.js, Express.js, MongoDB

URLQR App:

April 2025 - May 2025

- Developed an Android app to generate QR codes and shorten URLs with a clean, intuitive UI
- Integrated two reliable APIs to ensure consistent URL shortening even when one fails
- Implemented copy-to-clipboard and QR code image saving functionality

Tech: Kotlin, Android SDK, Coroutines

Training

Lovely Professional University

June 2024 - July 2024

Application Development in Java – Summer Training

About: Completed online summer training in application development using Java, focusing on building GUI-based application. Developed and optimized Java applications with a strong emphasis on user-friendly interfaces and functionality. Gained hands-on experience in core Java concepts, object-oriented programming (OOP), and GUI frameworks for interactive application.

Tech stacks used: Java · Object Oriented Programming (OOP) · GUI Development · Application Development

Certificates

Intelligent Agent Software Development by Coursera	November 2025
Java by HackerRank	February 2025
Cloud Computing Certification by NPTEL	December 2024
Programming Fundamentals in Kotlin by Coursera	November 2024
Google Cybersecurity by Coursera	July 2024
Introduction to Android Mobile Application Development by Coursera	July 2024
Com TIA Linux+ XKO-005 by Cybrary	May 2024
The Bits and Bytes of Computer Networking by Google by Coursera	November 2023
Mastering Data Structures & Algorithms using C and C++ by Udemy	June 2023

Technical Skills

Languages: C++, Kotlin, SQL, Java, JavaScript, C, HTML, CSS

Technologies/Tools: Linux, Git, GitHub, React Native, ReactJS, NodeJS, ExpressJS, MongoDB, Android Studio

Skills: Android Development, MERN Stack, DSA, OOPS, Computer Networks, Analytical Thinking, Teamwork, Leadership, Time Management, Attention to Detail

Education

Lovely Professional University

2022 – 2026

Computer Science and Engineering — CGPA: 7.04

Jalandhar, Punjab

BD College

2020 – 2022

12th with Science — Percentage: 76.8%

Patna, Bihar

Camford Public School

2019 – 2020

10th with Science — Percentage: 68.6%

Patna, Bihar
